

Galaxy's TQ6 is a Compact, Go-Anywhere Portable PA

Compact and under 10 pounds, Galaxy's new TQ6 defines the category of "Portable PA". Its dependable performance and versatile features make it an ideal choice for classroom teachers, sports trainers, corporate presenters and houses of worship. Its ease of use, reliability, and affordable price will appeal to auctioneers, aerobics instructors, and AV rental companies.

With a high-performance 30-watt amplifier, a powerful 6-inch woofer, and wide-dispersion 1-inch HF horn, the TQ6 offers clear voice reproduction and pleasing musical clarity. A wired mic input complements a highly versatile media player with an SD card slot, USB connector, left/right RCA audio connections, and built-in Bluetooth compatibility for use with a phone or MP3 player.

Individual and master volume controls, a tone control, and an echo feature make it easy to mix and control all of these sources while adjusting voice clarity and music quality. The TQ6 may be AC powered or operated from its internal battery for up to 15 hours. It includes a convenient carrying handle and standard pole socket for stand mounting.

The TQ6 offers premium performance, an unmatched feature set, and a highly portable package making it the ideal "go anywhere" portable PA. For more on the Traveler Quest 6 and to find a local dealer, [click here](#) to visit the product page.
