

Galaxy Audio HLM4 and HLM8 Hairline/Lavalier Performer Series Microphones

Galaxy Audio's HLM4 and HLM8 Hairline Microphones deliver professional audio quality in ultra-discreet, easy-to-conceal designs. Engineered for theatre, presentations, interviews, and live events, these versatile omnidirectional microphones can be positioned along the hairline or on costumes, seamlessly blending into any setting. The 5mm HLM4 offers an affordable, reliable option for those seeking quality sound, while the 3.5mm HLM8 provides nearly invisible placement with a broad 20Hz-20kHz frequency response for high-fidelity audio capture.

Both models come equipped with four detachable cables compatible with major wireless systems, including Galaxy Audio®, Shure®, Sennheiser®, AKG®, and Audio Technica®, allowing easy integration with existing setups. A shirt clip and windscreen are included for flexibility in placement and enhanced audio clarity. Whether used as a hairline or lavalier mic, these microphones deliver crystal-clear sound while remaining hidden from view—perfect for stage, broadcast, and public speaking.
